This benefit applies if it is in force on the date of death of the proposer. The non-forfeiture provisions do not apply to this benefit.

If the Policyholder, whether sane or insane, commits suicide within one year from the commencement of the rider or revival date, if the rider has been revived, the rider will be void and no benefit will be payable under the rider.

### A. Vesting of the Policy

If the Policy is in force or otherwise has acquired Surrender Value on the vesting date, it shall vest on the life assured on that date. Upon such vesting, the Policy will be deemed to be a contract between Company and the life assured (also the policyholder henceforth) as the owner of the Policy. The erstwhile Policyholder or his Estate shall cease to have any right or interest therein.

### B. Commencement of Risk

In case the life assured is a minor, of completed age less than 7 years, at policy commencement date or revival date, if revival has been affected, the benefits arising out of the contingencies as described in section 2.1 above will commence on policy anniversary after completion of age 7 years, or 2 years after policy commencement date or revival date, whichever is later.

If death of the life assured occurs before

- he completes 7 years of age; or

The policy will be terminated thereafter.

This condition will not apply in case Future Generali Premium Waiver Benefit rider has been opted for.

The Policy, if in force / fully paid, shall participate in the profits of the Company's Participating Life Assurance Policyholders' Fund from the commencement date of the policy. It gets a share of the profits emerging from the Company's Participating Life Assurance Policyholders' Fund in the form of bonuses. Compound Reversionary Bonuses are declared as a percentage rate, which apply to the sum assured in respect of the Basic Policy Benefit plus the reversionary bonuses already attaching on the Policy. They are declared annually at the end of each financial year based on the Statutory Valuation carried out under prevailing Regulations. Once declared, they form a part of the guaranteed benefits of the Policy.

Reversionary Bonus would normally be declared as at 31<sup>st</sup> March every year. They are payable at the expiry of the Premium paying term / Accrual period or on earlier death of the life assured. After the premium payment term / accrual period the policy will be eligible to receive a cash bonus from the surplus, if any, until the maturity date, provided the policy is in force at that time. This bonus will be applied to the Sum on 2.1 above. A reduced paid up policy will not be eligible for cash bonus.

## 6. PREMIUM

### A. Payment of Premium

For regular premium policy Installment premiums are required to be paid on the premium due dates until such time as stipulated in the Policy Schedule for limited premium payment policies.

The premiums shall be deemed to have been paid only when they have been received at the Company's head office or any other office authorized by it for that purpose.

### B. Change in Premium Payment Frequency (for limited premium payment policies)

For regular premium policy you may change the frequency or mode of premium payments by a written request. Subject to our minimum premium requirements and the availability of the desired mode under this plan of assurance, mode can be changed at the premium rates applicable on the risk commencement date.

### C. Deduction of Premium on claim

# Terms and Condition of your Policy

## Future Generali Secure Income

Provided the Policy benefit is in force and it becomes a claim due to death of the life assured, any balance of premiums due till the next Policy anniversary, shall be deducted from the claim proceeds payable under the Policy benefit.

If policy is under auto cover and a benefit is in force and it becomes a claim, any balance of premiums due till the next Policy anniversary including arrears of premiums and interest thereon, as on the date of death, shall be deducted from the claim proceeds payable under the Policy benefit.

### D. Premium Cessation

In case of death during the policy term, premiums due on or after the next policy anniversary following the death of the life assured are not required to be paid.

## 7 GRACE PERIOD

During the first 3 years of policy duration:

A grace period of 30 days from the premium due date will be allowed for payment of yearly, half yearly or quarterly premiums and 15 days for monthly premiums. The policy will remain in force during the grace period. If any premium remains unpaid at the end of the grace period, the policy shall lapse. The policy benefit thereafter would have no further value except as provided under the non- forfeiture provisions.

After the first 3 years of policy duration:

A grace period of 30 days from the premium due date will be allowed for payment of yearly, half yearly or quarterly premiums and 15 days for monthly premiums. The policy will remain in force during the grace period. If any premium remains unpaid at the end of the grace period, the auto cover benefit will be provided.

## 8. AUTO COVER

If the policy has been in force for at least 3 years, the death cover will not lapse on non-payment of premiums for a maximum period of 2 years from the due date of first unpaid premium (such period is called the auto cover period) during the premium paying term and the policy will remain in-force. However, the rider benefits, if any will cease. The policy shall become non-participating during the auto cover period, and will become participating again on receiving arrears of premiums and interest thereon. The arrear premium with interest as charged by the company from time to time is to be paid within 2 years from the due date of first unpaid premium but before the end of premium paying term, in case of revival. In case of death of life assured during auto cover period, the arrears of unpaid premiums due up to the policy anniversary coinciding with or immediately following the date of death will be recovered with interest from the death benefit payable.

## 9. REVIVAL

If a premium is in default beyond the Grace Period and provided that the Policy is not surrendered, the Policy may be revived, subject to such conditions as the Company at its discretion may decide. Such revival is possible within three years from the due date of the first premium in default but before the end of the premium paying term and within the lifetime of the life assured, and is subject to:

- Your written application for revival;
- Production of life assured's health declaration and other evidence of insurability to our satisfaction;
- Payment of all overdue premiums with interest; and
- Repayment of any indebtedness at the time of revival.

Interest will be charged at a rate declared by us from time to time. The revival of a rider, if any, will take place only with the revival of the basic policy, and not in isolation.

## 10. NON-FORFEITURE PROVISIONS:

If premiums have been paid for at least three consecutive years from the commencement date and not paid thereafter, the following non-forfeiture provisions would apply.

### A. Reduced Paid-Up Value

Any time after completion of 3 years from commencement date you may choose to continue with this Policy, on expiry of the grace period for payment of premium, as a non-participating, paid-up insurance for a reduced Sum Assured; the Sum Assured being reduced in the proportion as the number of premiums actually paid shall bear to the total number of premiums payable as stipulated for in the Policy Schedule. The amount so obtained will be added with the bonuses already attached to the Policy as on the due date of the first unpaid premium. The policy shall then cease to participate in future profits arising out of the Company's 'With Profits' life insurance business.

However, the policy will remain in-force during the auto-cover period, if applicable, and the auto-cover benefits will be payable. On expiry of the auto cover period, the reduced paid-up benefits will apply.

If a policy is not subsequently revived, this reduced Sum Assured shall be used in calculating the various benefits payable (shown below under section 10(A)(i) & 10(A)(ii) under the basic policy at predetermined date / death under the policy.

### i) On Death

If death occurs during the premium paying term: reduced Sum Assured plus the bonuses, if any attached to your policy till the date of policy becoming paid-up is payable

If death occurs after the premium paying term but before the policy expiry date; reduced Sum Assured is payable

- On Survival up to premium payment term: Bonuses, if any attached to your policy till the date of policy becoming paid-up is payable
- On Survival up to the end of every policy year after the expiry of premium payment term: Cash back benefit equal to 5.5% of the Reduced Sum Assured will be paid till the end of policy term or death, if earlier.
- On Survival up to maturity date of the policy: Reduced Sum Assured is payable as survival benefit.

## 11. Surrender of Policy

Policy will acquire Surrender value for regular premium policy after premiums have been paid for at least three full consecutive years & completion of three years from commencement date & for single premium policy after completion of six months from commencement date. The Surrender Value is paid to you should you decide to surrender your Policy. Once the Policy is surrendered, all benefits under the Policy will immediately terminate and the Policy will not be eligible for revival. The amount payable to you on surrender of the Policy would, at all times be equal to the Surrender Value under the Policy.

The Surrender Value on a Policy will depend on the term of the Policy, the number of years for which premiums have been paid, the sum assured, vested bonuses, the duration elapsed at the time of surrender and cumulative benefits already paid and it shall be higher of the Special Surrender Value and the Guaranteed Surrender Value. The Surrender terms will be declared by the Company from time to time and will be based on past financial and demographic experience of the Company with regard to your Policy/group of similar Policies, as well as our assessment of such likely future experience.

The minimum Surrender Value (or Guaranteed surrender value) allowable under a limited premium payment policy is equal to 30% of all regular premiums paid excluding the first-year premium, extra premiums, if any and excluding the cumulative total of any payments made towards the basic policy benefit payments as shown in section 2.1 B of the policy. For a Single Premium policy, the Guaranteed Surrender Value is equal to 80% of Single Premium excluding extra premiums, if any and excluding the cumulative total of any payments made towards the basic policy benefit payments as shown in section 2.1 B of the policy. Premium paid for riders will not be considered while determining the Guaranteed Surrender Value. Any indebtedness will be deducted from the Guaranteed Surrender Value.

Such Guaranteed Surrender Value on a regular premium policy is allowable after premiums have been paid for at least three full consecutive years and after completion of six months from commencement date for a single premium policy. A discounted value of the bonuses allocated to the Policy will also be added if the policy is surrendered during the premium payment term / accrual period. The applicable interest rate for discounting will be declared by us from time to time.

The Special Surrender Value will be based on an assessment of the asset share progression at different durations of the policy. This assessment would be based on the Company's past financial and demographic experience of the Policy / group of similar Policies and likely future experience and will be reviewed from time to time depending on changes in internal and external experience and likely future experience.

The policy shall terminate on surrender as full and final settlement under the policy
